SUMMARY

Computer Science student with hands-on experience in R&D, computer vision, and AI-based solutions. Interested in developing practical solutions for real-world problems.

EDUCATION

Thomas More University of Applied Sciences
Geel, Belgium
Bachelor of Applied Computer Science
2022- June 2026

CORE SKILLS

Machine Learning
Computer Vision
Image Segmentation
LLM & RAG
Model Evaluation

TOOLS

Python
Git
DVC
Azure DevOps
Jupyter Notebook
PyTorch
LangChain

SOFT SKILLS

Analytical thinking
Teamwork
Attention to detail
Adaptability
Communication

LANGUAGES

English - Fluent
Polish - Native

WORK EXPERIENCE

R&D Project Intern
Qcify, Herentals
February 2026 - May 2026

Researched and evaluated segmentation approaches to improve object separation in a nut sorting machine

Tested different solutions to prevent overlapping nuts from being detected as a single object

Worked with tools such as Azure, Git, DVC, and CVAT to support experimentation and dataset management

Created scripts for metrics tracking, result visualization, and model performance analysis

Student Job - Pub Staff
Irish Pub Geel
March 2022 - February 2026

Worked as a bartender and waitress

Opened the pub and helped prepare daily preparations before service

Handled money responsibly, counted cash and supported closing-related duties

Developed reliability, communication skills, independence and responsibility in a fast-paced environment
